TENDER NOTICE
FOR

Collate Sustainable Soil Management (SSM) Technologies implemented within ProSoil Project areas and Develop capacity building module on SSM measures to incorporate in WASCA.

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH under its ProSoil Project invites bids from customizing CWRM capacity building plan by incorporating module on Sustainable Soil Management (SSM) based technology measures.

Background:
Within the Special Initiative One World-No Hunger of the German Government, the project "Soil Protection and Rehabilitation for Food Security" (ProSoil) aims to promote sustainable approaches on soil protection and rehabilitation in 5 districts of Maharashtra (Ahmednagar, Dhulia, Jalna, Yavatmal and Amaravati) & 2 districts of Madhya Pradesh (Mandla and Balaghat).

ProSoil WASCA Subcomponent – Customize CWRM CB Module
Water Security and Climate Adaptation in Rural India is a bi-lateral project and aims to improve water resource management with respect to water security and climate adaptation. The project is in partnership with Ministry of Rural Development and Ministry of Jal Shakti (Govt. of India). Module Objective of WASCA Water resource management is enhanced through an integrated approach at national, state and local level with regards to water security and climate adaptation in rural areas.

Objectives of the assignment:

- Collate Sustainable Soil Management (SSM) measures being implemented/ adapted under ProSoil project in Maharashtra and Madhya Pradesh
- Design and develop capacity building module on planning and implementation of SSM measures in field considering local resources

Tasks of the assignment:
In this context, the selected agency is expected to carry out following tasks within key 3 Work packages as mentioned in the TOR:

1. Collation of SSM technologies implemented in ProSoil Project areas
2. Design, develop capacity building module on SSM measures:
   a. Study existing capacity building activities implemented in ProSoil Project area
   b. Develop capacity building module for three days training (with course contents and methodology) on planning and implementation of SSM measures
   c. Validate the SSM measures capacity building module with all stakeholders and incorporate their feedback
3. Share final documents on SSM technologies and training module with GIZ
